Puncture Seal Goo

Slime Tire Sealant is formulated and tested for use in all pneumatic tires. Once installed, Slime remains liquid and will not harden or dry out. As the Slime treated tire rotates, centrifugal force pushes the sealant to the tread area creating a layer of protection, repairing, punctures as they occur and treating existing punctures. Slime is not intended for use in tires losing pressure from sidewall punctures, bead leaks, damaged rims, or faulty valves.

- Repairs punctures up to 1/4 inch (6 mm) using Fibro-Seal Technology
- Non-toxic, non-hazardous, non-flammable, non-aerosol, and water soluble
- Contains rust and corrosion inhibitors to maintain the integrity of the rim
- Can be cleaned out with water, allowing for the installation of a proper plug/patch
- For vehicles with TPMS (tire pressure monitoring system), use yellow label Slime products
- Recommended as a repair only, in high speed over-the-road tires
- 8 ounce bottle

Truck Tool Box

Truck Tool Box

Single Lid Aluminum Tool Box

Actual product may vary from image shown

- Patented Fully Foamed Lid creates a rigid wall between outer aluminum layers to help prevent bending or warping
- Stainless Steel Lock Handles provide strength, security and rust-free product life
- Connecting Rod Enclosure helps prevent box contents from bending or jamming the locking system
- 0.063" Aluminum One-Piece Tub and Lid is designed to support heavy loads, absorb tool drops and prevent leakage
- Self-Closing Struts Self-Closing Struts automatically close the lid, with slight manual pull, securing the box when hands are full
- MicroSeal Stripping helps seal out moisture, dust and dirt
- 2 Built-in Tool Trays and Screwdriver Holders add extra strength and rigidity to the box
- Lid Opens 90 for easy loading and unloading of tools and equipment
- 3-Compartment Sliding Tray or convenient small item storage and retrieval

Truck Bed Bag Liner

Car & Truck Accessories

BedBag Disposable Truck Bed Liner

NEW "BedBag" is the only disposable pickup bed waste bag product on the market. Some of the many advantages to "BedBag" include low cost, compactness, portability, and its suitability for pickup truck owners who wish to keep their trucks in good clean condition. The BedBag can be stored in a truck cab for those unforeseen times its use is needed. It is already assembled and can be placed on a truck in less than 2 minutes.

One pull of the draw string and it and its contents can be thrown away. Landscapers can use the BedBag for transporting mulch, by pulling the drawstring they will prevent mulch from blowing out during transport and prevent staining of spray on type liners. The BedBag will also offer a limited protection for your load from minor weather elements if the draw string is pulled shut. Reducing scratches, keeping load clean, quick clean up, Improves resale by reducing wear and tear of your bed or fixed liner. Fits Standard Long Bed Trucks 101-1/4" L x 74" W x 50" D, as well as Short Bed Trucks

Sea Foam Bugs-B-Gone Cleaner

Bugs-B-Gone is a non-toxic, biodegradable soap that effectively cleans organic materials from any surface by neutralizing the organic acids they contain. It is safe to use on all surfaces including: chrome, aluminum, steel, plastic, rubber, fiber glass, vinyl, painted or clear coated surfaces, lexan windshields and headlight covers, carpet and upholstery. Once Bugs-B-Gone is applied to a cool, dry surface, allow 30-45 seconds of soak time then WASH/RINSE THOROUGHLY WITH WATER. Water further activates the active ingredients and the rinse will eliminate the soap residue. Do not apply to a hot surface as the water in the Bugs-B-Gone may quickly evaporate leaving a soap film that will have to be buffed off. For convenient application, Bugs-B-Gone is available in four packages.

Automotive Cleaning Supplies

Sea Foam Bugs-B-Gone Cleaner, Gallon

Bugs-B-Gone is a highly versatile auto and truck cleaner that is specially formulated to safely remove bugs and other organic residues from windshields, front grilles, bumpers or any vehicle surface. Bugs-B-Gone cleans bugs, tree sap, bird droppings, mold, mildew, exhaust soot, tough road grime and brake dust from your vehicle's chrome, plastic and painted surfaces. When sprayed on, Bugs-B-Gone chemically neutralizes the acid in bug remains, exhaust soot and road grime, softening and loosening them within 30 to 45 seconds. The addition of water activates Bugs-B-Gone making it a highly effective detergent, which lifts that dirt and grime so it easily washes away.

Bugs-B-Gone leaves your windshield crystal clear, without hazy bug smears. It also works great on the inside of your windshield too, removing that annoying haze. Use it on your chrome too. Chrome surfaces are very porous, and Bugs-B-Gone gets deep into the pores to release the grime that hides the beauty of the finish. You can even use it to clean your carpets and upholstery too!

Headlight Restoration Kit

Rain-X Headlight Restoration Kit

Over time, headlight lenses become oxidized rendering them hazy and yellow. This causes headlights to shine less brightly, which is dangerous for the driver and others on the road. The Rain-X Headlight Restoration Kit provides a deep clean to yellowed, hazed headlights with the use of a specially designed polish and sealant.

- Helps restore clear plastic by removing haze and discoloration
- Improves visibility with clearer headlight lenses
- Multi-step kit provides a deeper cleaning process than single step products
- Saves money: Dont replace headlights when you can restore them

Motor Oil

Super S Multi-Flo Oil Synthetic Blend 5W30 - 1 Quart

Super S Multi-Flo Motor Oils are premium quality, passenger car motor oils (PCMO) that meet the latest automotive manufacturers requirements of API SN. Super S Multi-Flo Motor Oils, through the use of highest quality base stocks and up-to-date additive technology, are formulated to provide the highest levels of equipment protection available.

Grades 5W20 and 5W30 are Synthetic Blends; 5W20, 5W30 and 10W30 meet the requirements of energy conserving and ILSAC GF-5 ratings. Every load of API oil is fully tested in our lab, and all manufacturing and packaging is monitored full-time for quality assurance.

Chevron Delo 400 Motor Oil

Delo 400 LE SAE 15W-40 is a premium quality, heavy-duty motor oil formulated to meet the requirements of post-2007 low emission engines equipped with advanced emission control technologies. Provides outstanding performance with Ultra Low Sulfur Diesel and also with normal and low sulfur diesel fuels, Delo 400 LE is backward compatible and may be used in older, conventional engines and gasoline engines. Delo 400 LE is formulated with ISOSYN technology, which combines highly refined base oils and an optimal blend of the latest technology in dispersant, detergent, oxidation inhibition, antiwear, corrosion inhibition, viscosity improver and defoaming additives.

Marvel Mystery Oil

- Capacity Vol.=1 pt, Packing Type=Can, Applications=Gas, Oil, Type=Mystery Oil
- When added to gasoline: Cleans and lubricates fuel injectors and carburetors
- Improves gas mileage
- Reduces and prevents varnish and gum build-up
- Extends spark plug life.

Sea Foam Transmission Tune Conditioner 16 oz.

Safely cleans components. Does NOT harm or swell seals. Does NOT alter the viscosity of the transmission fluid. Reduces rough or erratic shifting. Removes damaging moisture. For Automatic Transmissions, Power Steering Systems and Industrial or Agricultural Hydraulic Systems.

TRANS TUNE is a Petroleum based product comprised of three specific oils, blended in just the right proportions to SAFELY clean varnish deposits in transmission, power steering and hydraulic pump components. TRANS TUNE is compatible with all commonly used petroleum and synthetic based hydraulic fluids used in automatic transmissions, power steering systems, marine transmissions, agricultural equipment and industrial hydraulic lifts.

Sea Foam Motor Treatment 16 oz.

Safely helps quiet noisy lifters, helps remove fuel deposits and oil residue, helps smooth rough idle. For Carburetors or Fuel Injected Gasoline Engines - Autos - Trucks - Tractors - Motorcycles - Marine - Small Engines - Industrial Engines Great for Diesel Engines Too!

SEA FOAM Motor Treatment is a petroleum based product that helps clean internal fuel and oil system components. SEA FOAM is an EPA-registered product, and will not harm engine components, seals, gaskets, catalytic converters or oxygen sensors. SEA FOAM helps liquefy gum and varnish deposits helping to quiet noisy valve lifters. By using SEA FOAM to help eliminate varnish and deposit buildup, mechanics can more accurately diagnose mechanical problems that may exist. That is why Sea Foam has been so popular with professional mechanics for over 65 years.

Super S DEF (Diesel Exhaust Fluid) 1-Gallon

Super S DEF is a high purity 32.5% (by weight) aqueous urea solution (urea in de-ionized water) developed for use in all SCR (Selective Catalytic Reduction) Emission Control Systems. DEF is a reducing agent which is injected into the hot exhaust gas to form ammonia and carbon dioxide with the reacts with the SCR system catalytic converter and the NOx (oxides of nitrogen) in the exhaust, converting the harmful NOx emissions to harmless nitrogen and water.

- Non-toxic
- Non-flammable
- Non-polluting
- Non-hazardous
- No special handling required
- 1 gallon bottle
- Meets ISO 22241-2 specifications and meet all applicable standards and specifications for use in all SCR systems

Gumout Carb and Choke Cleaner 14oz.

Overtime, carburetors and choke valves can become clogged with gum, varnish and dirt, affecting performance. Gumout Carb/Choke & Parts Cleaner quickly removes these deposits from the inside and outside of the carburetor to improve engine performance and fuel economy. It also effectively cleans all nonpainted metal parts and surfaces.

- Cleans quickly and easily
- No straw needed
- New stronger formula

Gumout Fuel Injector & Carburetor Cleaner

Carbon buildup from combustion can clog fuel injectors and carburetors, limiting the amount of fuel that reaches the engine. Gumout Fuel Injector & Carburetor Cleaner keeps deposits from forming on these crucial parts to maintain performance and fuel economy.

- Restores your horsepower
- Prevents future deposit buildup in injectors, intake valves and ports
- Use with every fill up

Gunk C105 M-P Radiator Sealant and Conditioner - 5.5 oz.

A heavy-duty sealant to repair leaks in radiators, blocks, and cylinder heads. Insures positive protection against head gasket and cylinder head seepage. Lubricates water pump. Acid neutralizer prevents lime and scale deposits. Inhibits against rust formation and corrosion.

- Circulates through the cooling system
- Seals leaks
- Stops head gasket seepage
- Stops combustion chamber seepage
- Prevents rust and lime from forming

Permatex Sensor-Safe Blue RTV Silicone Gasket Maker 3 oz.

The original Permatex Blue. Will not foul oxygen sensors. Replaces almost any cut gasket. Makes reliable formed-in-place gaskets that resist cracking, shrinking and migrating. Coats pre-cut gaskets to increase reliability. Temperature range -65F to 500F (-54C to 260C) intermittent; resists auto and shop fluids. First generation 1970-1980 gasket maker.

DAP Gasket Maker 100% RTV Silicone 2.8 oz Black

DAP Gasket Maker is a one component, acetoxy cure, 100% RTV silicone rubber sealant that is ideal for mechanical repair and household use. It can be used for making gaskets on engine parts, cars, motorcycles, appliances, power yard equipment and more. It provides a waterproof seal, stays flexible and won't crack, crumble or dry out. Once cured, it is unaffected by temperature extremes (-40F to 400F).

- Forms a durable flexible seal
- Resists temperatures up to 400F
- Resistant to oil, grease, water and fuels
- Unaffected by vibration
- OEM Specified
- Sensor-safe

J-B Weld Clear Silicone Sealant & Adhesive

J-B Weld Clear Silicone Sealant & Adhesive is a general purpose sealant adhesive, RTV (Room Temperature vulcanized) Silicone designed for use in household or mechanical assembly applications. Upon curing, which occurs when the product is exposed to the moisture in air, the silicone forms a tough, waterproof, mildew and mold resistant seal on most surfaces. It will not shrink or crack, resists weathering, is sensor safe and is great for many household and automotive applications.

- Great for:
- Windshields
- Windows
- Lens Housing
- Door Frames
- Tub & Shower
- Aquariums

Oily Waste Can - Red 14-gallon

OSHA compliant oily waste cans are essential whenever solvent soaked cloths and wiping rags are used. Rags and cloths soaked with solvents, thinners, linseed oil, combustible adhesives, and other flammable liquids present a serious fire risk when improperly discarded. The specially designed lid opens no more than 60 degrees and stays closed when not in use, isolating contents from fire sources and limiting oxygen so spontaneous combustion risk is virtually eliminated. Round construction and elevated bottom encourage circulation or air around can to disperse heat and reduce moisture buildup and rusting.

- 14 gallon (52 liter) capacity
- Foot operated lid
- 16.063 inch (408 mm) outer diameter by 20.25 inches (514 mm) high
- Color red

Liquid Wrench

Liquid Wrench

A point of use penetrant for use by mechanics and DIY. Used for disassembly of corroded pipe joints, rusted bolts and machinery, and painted or gummed up metal mechanisms. Also used to clean typewriters, guns, and sports equipment. Spray or squirt product on frozen joint or part. Tap the joint to set up vibrations. If part is stubborn, repeat application and allow to soak into joint for a few minutes. 4 oz. size.

LIQUID WRENCH LUBE 10 OZ			
L2-12 GUNK AEROSOL			
7-78698-12025	B	EA	CA

Gunk Liquid Wrench Heavy Duty Silicone Spray Lubricant - 11 oz.

A general-purpose silicone lubricant in aerosol form. Stops squeaks, rust and corrosion. Excellent mold release. Brightens rubber, vinyl and leather. Protects aluminum and chrome from pitting.

- Compatible with all metals and rubber
- Compatible with all plastic and wood
- High viscosity formula
- Eliminates squeaks

LC Wax AlumaSlick Lubricant 12oz.

A spray lubricant that cleans and restores luster to aluminum and protects from corrosion for months.

Use a nylon pad soaked in AlumaSlick's cleaning lubricant solution to renew oxidized or salt-corroded windows and door frames, outdoor furniture, marine hardware, etc. Wipe excess oxidation from window frames with a rag and polish with a clean coat of AlumaSlick.

- Quick penetration and release
- Long lasting lubrication
- Cleans corrosion and tarnish
- Protects from salty corrosion
- Reduces wear
- Stops squeaks, bumps, clunks, clinks

Use on: awnings, jalousies, sliding doors & windows, storm shutters, hinges, folding & extension doors

Lubricants / Grease & Fittings

Super Slick Stuff Lube 11 oz.

Super Slick is a greaseless product that lubricates, penetrates, cleans, and protects in a wide range of applications. Can be used for almost anything that rubs, slides, turns, grinds, moves, or rotates. Works in extreme cold. Coats and protects with a unique plating effect. Super Slick lifts rust, dirt, grime, and built up grease and wax right off. Also can be used on corrosive acids on battery terminals. Penetrates deeper and faster and stays put. The spreading action is instant. It's dripless, not messy, and does not dry out. 11 oz. aerosol spray.

All-Purpose Lubricant 8-oz Spray & Penetrating Catalyst (PB) 11-oz Spray Combo

- 2 pack combo containing All-Purpose Lubricant 8-oz Spray & Penetrating Catalyst (PB) 11-oz Spray

--- B'laster All-Purpose Lubricant lubricates moving parts such as window tracks, all hinges, valves, wheels, rollers, chains, glides, and gears. Protects and helps prevent rust and corrosion on items such as car parts, fishing reels and tackle, all tools, firearms, sports equipment, and all marine applications. Penetrates to free rusted or stuck tools and parts such as nuts and bolts, hinges, valves, dials, chains, and locks. Displaces and repels moisture and is excellent for drying set or submerged machinery and equipment, such as engines, spark plugs and wires, power tools, and electric motors. Great for rust proofing tools, fishing gear, and other metals prone to corrosion. ---

- 8 ounce aerosol spray can

--- B'laster Penetrating Catalyst (PB) quickly breaks loose surface tension rust and corrosion by creeping up, around and in to hard-to-reach cavities. Ideal for brake, exhaust, and suspension system jobs. Plus, lubricating film remains on parts to help prevent further rusting. ---

- A true penetrant
- Formulated in 1957
- Rust inhibitor
- Breaks loose surface tension of rust/frozen parts
- Much higher flashpoint of 152 degrees Fahrenheit
- Non-evaporating lubricant
- Saves time and money by ensuring user will not have to burn off or drill out nuts and bolts or other expensive and time consuming means of repairs
- 11 ounce aerosol spray can

Sea Foam Deep Creep Lubricant 12 OZ.

Deep Creep's fast acting, petroleum based formula quickly penetrates rusted parts, lubricates moving metal parts, disperses moisture, and cuts through grease, engine varnish and road tar. It withstands heat better than other penetrating oils allowing you to use it in combination with a torch to loosen a badly rusted part. Deep Creep has hundreds of household and workshop uses and outperforms all the leading penetrating sprays on the market. Deep Creep's unique spray can even works with the can held upside down so you can use it in difficult-to-reach applications. Mechanics, sportsmen and hobbyists love Deep Creep as a gun cleaner, lubricating and dispersing moisture on fishing reels, engine parts, clamps, wheels, air tools, locks, rollers, chains, gears, drawer slides, hinges and ball bearings.

Sea Foam Spray Cleaner & Lube 12 OZ.

Sea Foam Spray is for internal engine use only to clean carbon deposits from intake systems, intake valves, and combustion chambers of your engine. Use Sea Foam Spray to clean all these areas with the cleaning tube and hook guide tool inserted into a sealed air intake system. Spray the Sea Foam Spray into the engine from in front of the throttle plate.

Sea Foam Spray is a petroleum based product for use in cleaning harmful gums, varnish and carbon from air induction systems and combustion chambers on all 2-cycle and 4-cycle gasoline engines

- Cures hesitation, stalls, pings, flat spots and rough idle due to carbon buildup
- Use to store and fog 2-cycle and 4-cycle engines
- Helps pass emission tests. EPA registered
- Cleans intake valves and pistons
- Cleans Catalytic converter odors
- Restores power and pickup

3-In-One 100% PTFE Lube

3-IN-ONE 100% PTFE Lubricant extends the life for all types of tools and equipment. It is specially designed for heavy loads and for use in high temperatures.

- Reduces friction and wear
- Protects and extends tool life
- Works in temperatures between -50F to 500F
- Excellent for heavy loads
- Marksman spout for each precision application
- Works on axels, chains, hinges and more
- 50-state VOC compliant
- Convenient 4-ounce size

Hydraulic Components

Hydraulic Complete Coupling 1/2"

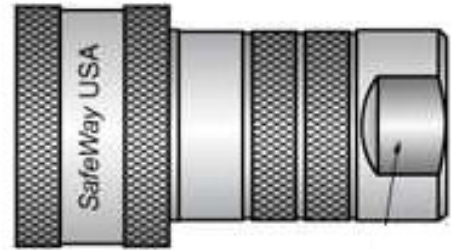

SafeWay's S20 Series is a general purpose, double shut-off, fluid transfer quick coupling available with either a rugged ball valve or leak-free, high flow poppet valve. The S20 Series is used primarily on agricultural equipment and is recognized as an economical and reliable quick coupling. This series is original equipment on snow plows, garden tractors, full size tractors, front-end loaders, skid-steer loaders, earth moving, and mining equipment.

- 1/2" body size meets dimensional requirements of International Standard 5675
- Available in body sizes from 1/4" through 1", in a variety of thread sizes and styles
- Double shut-off design available with either a rugged ball valve or leak-free, high flow poppet valve
- All poppet valve models are 100% leak tested before leaving the factory
- Reliable and durable ball locking mechanism provides smooth operation time after time
- Critical parts are hardened for long service life

Hydraulic Coupling 1/2" Modern Two-Way Sleeve

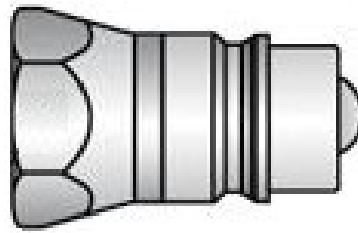

SafeWay's S40 Series is a general purpose, double shutoff fluid transfer quick coupling available with either a rugged ball valve or leak-free, high flow poppet valve. The S40 was the first two-way (double acting) sleeve quick coupling, introduced by SafeWay in 1969 as our first product. The S40 Series is widely used wherever the ease and convenience of one-hand connection or disconnection is desired. It is original equipment on a wide variety of agricultural and mobile equipment.

- 1/2" body size meets dimensional requirements of International Standard 5675
- Two-way, double acting sleeve of the S40 Series allows one-hand connect or disconnect when the coupling is clamp or bulkhead mounted
- Available in body sizes from 1/4" to 1/2", in a variety of thread sizes and styles
- Double shut-off design available with either a rugged ball valve or leak-free, high flow poppet valve
- Reliable and durable ball locking mechanism provides smooth operation time

Hydraulic Male Tip

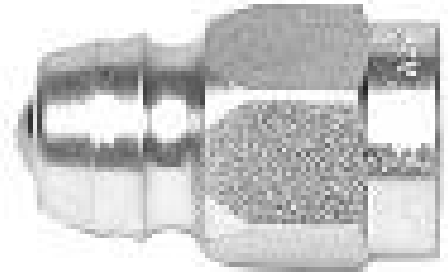

ISO male tip with 3/4"-16 O-ring Boss thread. A poppet type check that incorporates a shielded retainer to eliminate flow-checking when used with connect-under-pressure type couplers.

- 1/2" body size couplers and male tips meet ISO 5675, S.A.E. and ASAE interchangeability and performance requirements
- Available in 1/2" body size, in a variety of thread sizes and styles
- After hook-up, the hydraulic circuit automatically opens when the hydraulic system is operated
- Two-way sleeve design allows one-hand hook-up and breakaway when clamp or bulkhead mounted. Clamp and snap-rings available
- Easy one-hand connection to a clamp or bulkhead mounted coupler while male tip and female body half are both - or either - under pressure
- All poppet versions are 100% leak tested
- Critical parts are hardened for long service life
- May be used with either an open center or closed center hydraulic system

Filters

Fuel Filter

- Goldenrod brand
- For use with common fuels including regular and unleaded gasoline, diesel fuel, fuel oil, and related additives including methyl, ethyl and isopropyl alcohol
- Also compatible with biodiesel blends up to 20 percent
- 10 micron filtration at 5 gallons per minute (gravity flow) with 24 inch head
- Working pressure up to 150 PSI
- Zinc die-cast top cap with 1 inch NPT (National Pipe Thread) pipe fittings
- See-Thru bowl allows for visual monitoring of fuel flow

Fiberglass & Fillers

F/G Resin/Mats/Cloth

F/G Resin/Mats/Cloth

Fiberglass Resin

Bondo Fiberglass Resin is the same high-strength polyester resin that is used to build most boats. Can be used alone or with fiberglass tape, cloth or mat to repair damaged fiberglass boats, snowmobiles, jet skis, bathtubs and showers. Can also be used as a sealer on damaged and rotted wood. Seals concrete, is great on large or small metal rust-outs and joins most surfaces together while creating a strong and long lasting bond. Sandable in less than 2 hours. Compatible with all paints, including gel coat and marine paints. Waterproof. Includes Liquid Hardener.
